INTERVIEW SUMMARY

S I R:

This Interview Summary is in response to the Interview Summary (PTOL-413) by the Examiner attached to the Notice of Allowance and Notice of Allowability mailed July 3, 2007. The Interview Summary is for a telephone interview in the above-identified patent application on June 21, 2007 between the Examiner and undersigned attorney.

1. Exhibit Shown or Demonstration Conducted

There was no exhibit shown or demonstration conducted.

2. Claims Discussed

The claims discussed were claims 1, 27 and 28.

3. Prior Art Discussed

There was no prior art discussed.

4. Proposed Amendments

The proposed amendments were the amendments to claims 1, 27 and 28 set forth in the Examiner's Amendment attached to the Notice of Allowability.

5. Principal Arguments

The Examiner was of the opinion that Mo and the relationship between Mo and Ni of dependent claim 27 should be in independent claim 1 in order to obtain retained austenite in a range of 2 to 20% by volume.

Other formalities type amendments were discussed.

6. Other Pertinent Matters

No other pertinent matters were discussed in the telephone interview.

7. General Results

The Examiner indicated that the claims probably would be allowable if the claim amendments of the Examiner's Amendment attached to the Notice of Allowability were agreed to. The undersigned attorney agreed to the claim amendments of the Examiner's Amendment.

Respectfully submitted,
